TONIGHT'S THE NIGHT FOR THE BIG FIGHT

THERE WILL BE TWO CLASSY TEN ROUND GOES AT AIRDOME

Two classy ten-round main events will be staged tonight at the Airdome by the members of the Business Men's Athletic club. All of the fighters on the card are well known in Tonopah and Goldfield and have a large following, so a record crowd will undoubtedly be on hand. The advance sale of seats here is unusually large, and Goldfield fans are said to be coming over in bunches to cheer up and back their two favorites to the limit.

Jack Bratton of Tonopah tangles with Eddie McAuliffe of Goldfield, in one of the ten round events and Bert Wagner, who is also making Tonopah his home, will meet Danny Mathews, the Goldfield bear cat. The gold camp fight fans are said to have a world of confidence in both of their boys, and if that's true there is going to be some very heavy betting at the ringside as both Bratton and Wagner have a lot of friends here who will bet their coin. Both of the bouts are a toss up in the writer's opinion. Bratton stated this morning that he would win, and do it in a few rounds. "I know McAuliffe is a good boy and am going to take no chances with him, but I really don't believe he will last over five rounds," said Bratton. McAuliffe is every bit as confident as Bratton. He also believes there will be a knockout in this fight. "I have beaten many better boys than Bratton," said McAuliffe today, "and I'm sure going to beat him. I am faster, cleverer, and know as much about this game as he does, and my record shows that I am a pretty fair hifter myself, so how can I lose to Bratton?"

The other event, between Bert Wagner and Danny Mathews, is causing every bit as much excitement as the first bout. Bert is as good a boy as there is in the lightweight class and his many friends here know it. He doesn't do much talking but fans who have seen him in training during the last two weeks know he means business. Of Mathews not much is known except that Goldfield thinks him a world beater. In Mathews' first appearance there the latter showed so much class that several of the gold camp sports offered to bet \$500 that Mathews could beat Herb White. The latter is not a top-notch but any boy who can beat him is some fighter. This match wasn't made for some unknown reason. White admitted before leaving Tonopah a few weeks ago that Bert Wagner, who is his brother, is a better boy than himself, so the fans can rest assured that they are going to see a fight worth seeing tonight.

Mike Syufy, who will referee the two bouts, is a good, square sport, and the boys know it. Mike knows the game well, he having fought in the ring for several years. The boxers will weigh in today in the Cobweb bar at 4 o'clock sharp.

The Airdome, which has lately been roofed, has also had a heater installed and Tonopah fight fans will be able to witness two real bouts in as comfortable a pavilion as there is in the world. Every seat in the house is good. Bleachers are \$1 and ringside \$2.

The Tonopah people should be there in large numbers as this event will be remembered as the best contest of the manly art ever staged in Tonopah.

WOOD-SULLIVAN WILL DISCONTINUE STORE

The firm of Wood-Sullivan, which has been in existence for eleven years in Goldfield and for three years in Tonopah, is making arrangements to close out the stocks in the local store, as it has at Goldfield. Some splendid bargains are being offered, as the full page ad in yesterday's Bonanza noted. From time to time this paper will note

SPEARHEAD IS NOW SINKING ITS SHAFT

WATER HAS BEEN REMOVED AND COMPRESSOR WILL SOON BE IN USE

The main shaft of the Spearhead Gold Mining company is now being sunk at a satisfactory rate of speed and has progressed over 35 feet since the work of unwatering the shaft was completed, bringing it to a depth of about 285 feet. Sinking will continue without interruption, with the object of reaching and exploring the shale contact, which is estimated to be, at this point, at a depth of less than 1000 feet.

Progress in sinking will be materially expedited with the installation of the new compressor, which has been ordered and is now in transit here. George A. Kernick, one of the directors of the company, has been in Goldfield this week and expressed himself as well satisfied with the condition of the property and with the progress made under the direction of Superintendent Bruce, whose work will be greatly facilitated with the arrival of the compressor and air drills.—Goldfield Tribune.

EVIDENTLY WRONG SIGNAL IS GIVEN

EDWARD HARDING PAINFULLY INJURED WHEN SHOTS ARE FIRED IN SHAFT

Edward Harding underwent a somewhat thrilling experience and sustained painful injuries last evening about 7 o'clock in the Tonopah Bonanza mine. He split his ribs and gave what he intended to be the blasting signal, but it came to the gong as a lower. Then, as he saw the flame eating its way to the mercury caps, he rang again and gave a signal which the engineer was unable to interpret.

Mr. Harding started to climb the ladder and was up two sets when the first shot went off. He sustained a heavy bombardment, fragments of the rock piercing his flesh. He did not go to the Mine Operators' hospital, but was privately treated and his injuries are said not to be serious. Both Mr. Harding and the engineer are tried and experienced men and no blame attaches to either, nor to the company for its signal arrangements, according to those who know the circumstances of the case. It just seems to have been the result in the first instance of not giving the established signal and of excitement when the second ring was given. Superintendent Haskell expressed great regret that the accident should have occurred, as Mr. Harding is one of the company's most capable employees.

The generous offerings that the firm is making in order to close out its stock. Yesterday the Bonanza was not fully informed as to the facts and concluded that the big sale was merely for the purpose of releasing all the present stock in order to make room for new goods, but Manager Jeffries requests the Bonanza to state authoritatively that this is actually a closing out sale.

This is an advance over his recent position as route agent. A number of friends were at the depot to say to Mrs. Dwyer: "Au revoir, but not goodbye."

CAPTURE DENIED

(By Associated Press.) AMSTERDAM, Nov. 12.—A telegram received from Vienna denies the capture by the Italians of the Col di Lana and Monte Clef, as announced in an official Italian communication. It is admitted that the Col di Lana was temporarily in the hands of the Italians Sunday, but the assertion is made that it was recaptured by a counter attack.

BUTLER THEATRE

Tonight at the Butler one of the best pictures of the year will be shown—William Fox's production of "The Song of Hate," a picture based on Sardou's "La Tosca," and featuring Betty Nansen, the actress who speaks with her eyes. In speaking of the character "Flora La Tosca," which Miss Nansen portrays, she said: "Flora is not, as some critics have declared, a creature of impulse, driven by every passing wave of passion or inclination. She is a true woman with the heart and instincts of her sex, but brave enough, when a deep love possesses her soul, to give herself over to it, regardless of what the world may say. She is a character in whom I am deeply interested, because of her humanness. At the cost of her honor, she still holds to her great love and even at the last hour, when the dark shadows of fate envelope her, her woman's noble nature saves her lover from a fearful fate. Flora La Tosca is the most interesting part I have ever played. I created the character at the Royal theater in Copenhagen, at the special request of the author."

The preliminary reel will be Pathe Weekly, which will be run ahead of the feature. Tomorrow, "The Blindness of Virtue," a Big Four feature—a picture which teaches of the stupidity of virtue which leads to vice; a startling "moral play"; a picture for the girl of fifteen and her mother; every lady is urged to see it.—Adv.

MOTION BEING ARGUED

The district court was engaged nearly all day hearing argument in the case of Louisa Irwin vs. J. C. Tognoni. Both parties to the action are residents of Duckwater and they have been in litigation for many years over water rights. The present cause is a motion on the part of the defendant to reopen contempt proceedings.

MENACE TO HEALTH

(Communicated)

Editor Tonopah Daily Bonanza, Sir:—I deem it a grave mistake to have sent the football team of the Tonopah high school to Reno at this time, as there is an epidemic of scarlet fever existing there, and the boys may bring back with them the germs of the disease. I do not think that the school authorities took this matter into consideration when they let the team make the trip. I am not one who would begrudge the students any pleasure such as this trip would give, but I think that public health, particularly the health of the school children, should be first considered. It is my suggestion that the football players be fumigated and kept under observation for a reasonable time before they are permitted to return to school.

I am satisfied that Superintendent Dilworth, who is ever alert to the advancement of our schools, and his excellent corps of teachers and our good board of school trustees, never gave the Reno scarlet fever a thought and in all probability did not know that such a recent epidemic prevailed in Reno. If a little precaution is exercised when the boys return it may result in much good. We cannot be too careful in looking after the health of our loved ones.
